

TaiRox Software Inc is managed by Don Thomson, a co-founder of the company that developed the original version of Sage 300. TaiRox add-on products for Sage 300 are sold by more than 100 partners on 6 continents. TaiRox best sellers are briefly described here. Custom software projects range in scope from a few days to a few months and are always done to the highest professional standards.

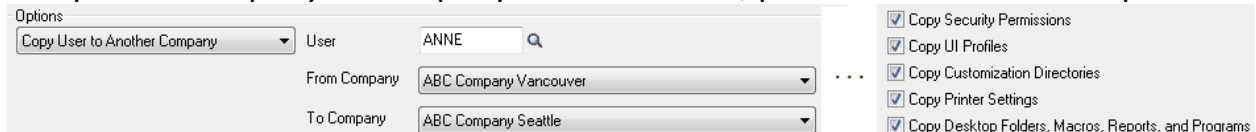

TaiRox Productivity Tools, available for \$1,495 + \$300/year, adds hundreds of features to Sage 300, including multi-company and process-many options.

Copy Company, available for \$595 + \$120/year, copies an existing company's structure to a new company without copying transactions.

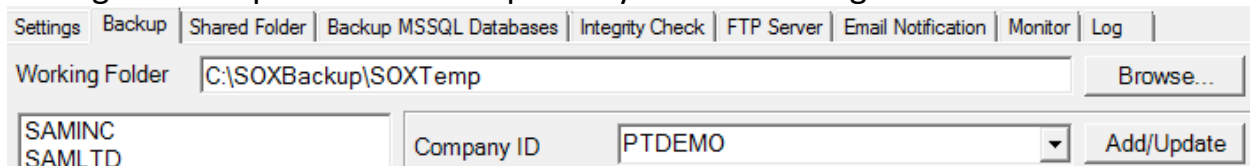

SOX User Management, available for \$995 + \$200/year, copies Sage 300 user setup from company to company or user to user, produces a SOX audit report.

Download Rates, available for \$595 + \$120/year, automatically downloads exchange rates daily from providers' feeds to multiple Sage 300 companies.

Settings	Rates	Oanda	Currency Code Mapping	Email Notification	Monitor	Log	
	Functional Currency	Source Currency	Rate Type	Rate to Use	Rate Adjustment %	Spread	Enable
	CAD	USD	SP	Bid	1.1	0.0000001	<input checked="" type="checkbox"/>
	USD	CAD	SP	Bid	-1.1	0.0000002	<input checked="" type="checkbox"/>

SOX Backup Express, available for \$595 + \$120/year, automatically creates, manages and copies offsite multiple daily archives of Sage 300 data.

SOX Check Approval, available for \$1495 + \$300/year, enforces a multi-step payment approval process from a multi-company approval console. A complete log is maintained. Notification emails are sent. Individual payments can be rejected. Payments can be returned to a previous approval level.

Approved	Entry Number	Transaction Type	Vendor Number	Vendor/Payee Name	Check Amount	Payment Date	Reference
<input checked="" type="checkbox"/>	1	Prepayment	1200	Chloride Systems	100.00	3/21/2020	
<input checked="" type="checkbox"/>	2	Prepayment	1350	Excide Industrial Batteries	200.00	3/21/2020	

Fast Clear History, available for \$595 + \$120/year performs Sage 300 clear history operations in a fraction of the time taken using the standard utilities.

"Fast ... cleared 49 million records in about 75 minutes ... before this ... not even an option! Thanks TaiRox!!" **Kelly Hummel, Net@Work.**

"Database is 187 GB ... standard OE clear ... [2 or 3 days] ... TaiRox OE clear ... [less than 2 hours]" **Scott Davies, Equation Technologies. :**

Fast Data Integrity, available for \$595 + \$120/year, performs an integrity checking operation 100x faster than the standard utility (for large databases).

Application	Version	Results	Delete Orphans
AP	62A	Completed - No Errors Found.	<input type="checkbox"/>
AR	62A	Completed - No Errors Found.	<input type="checkbox"/>

Fast DBTools, available for \$795 + \$160/year, performs a DBLoad operation 3x faster than the standard utility (for large databases) ... and much more.
